**TO WHOM IT MAY CONCERN**

David Lowe is a B.A. graduate of this School (1997) and specialised in Scriptwriting.

Throughout his three years at the School, David was distinguished by his high intelligence, his quiet humour, his courtesy and, not least of all, his outstanding gifts for writing and directing film. His short films *Freestyle* and *The Two Wheeled Time Machine*, which he made at the School, have won many international prizes and have been sold throughout the world.

In all my dealings with David, I have found him honourable, punctual and assiduous. I recommend him to you without reservation.
